Conferences 2016

GUADEC 2016

Karlsruhe, Germany

GUADEC is the GNOME project's primary annual event, and brings developers, enthusiasts, leaders, governments and businesses together from all over the world.

On average, GUADEC has 200 attendees each year. This includes wide range of participants, including representatives from key open source projects, including systemd, the Linux kernel, xorg, Wayland, PulseAudio, and more.

GUADEC typically takes place over six days, with three days of talks, followed by three days of hack days. It has a strong social media and web presence, and also incorpates social events. Past events have incorporated outreach events with local businesses and government agencies.

In 2016, GUADEC is being held in Karlsruhe, Germany. The city has a strong tradition in science and technology, as well as creativity and design. The city hosts 4 higher education institutes offering computer science related degrees.

GNOME.Asia 2016

New Delhi, India

GNOME.Asia Summit is the GNOME project's annual conference in Asia. It brings together open source developers, business representatives and enthusiasts from Asia.

The event is located in a different city each year. In the past, it has been held in Beijing (China), HoChiMinh (Vietnam), Taipei (Taiwan), Bangalore (India), Hong Kong, and Seoul (Korea) and Depok (Indonesia). In 2016, GNOME.Asia will be held in New Delhi, India.

GNOME.Asia summit 2015 attracted more than 322, users, developers, business professionals, media, students and government officials, including 48 speakers from all over the world. There was a booth area with 10 booths from sponsors and communities.
